Les Halman Nurseries Ltd

Autumn 2026 & Beyond

A Warm Welcome

The roots of our nursery were established in 1914 by Fred and Emma Halman, who grew vegetables and flowers around the year, selling their crops in Manchester Smithfield Market.

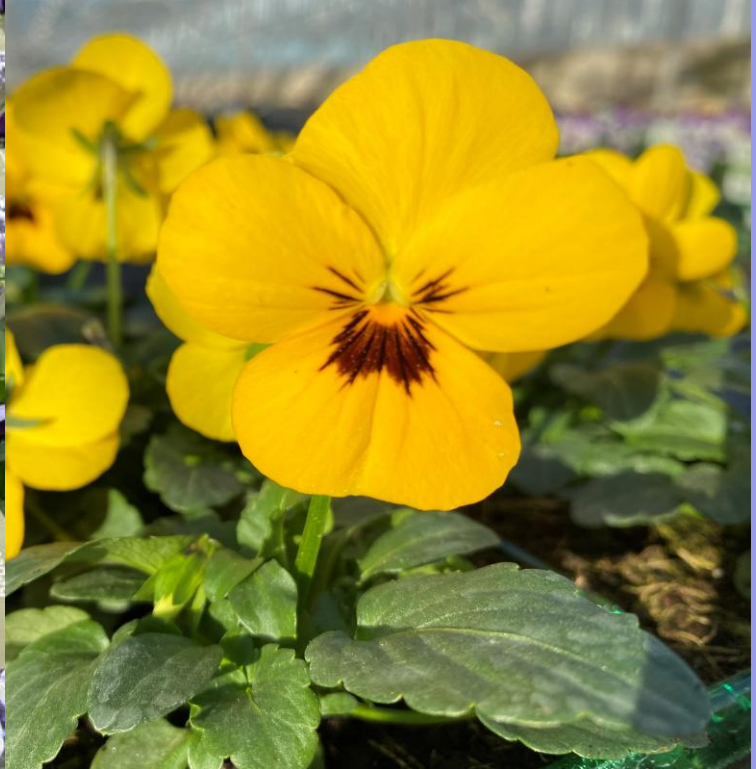

At the core of our business, we follow the very same customer led, customer facing ethos first practiced by Fred and Emma at the turn of the 20th Century.

We utilise 5 acres of glasshouses on a site of 8 acres outside Knutsford, Cheshire. Specialising in an extensive range of bedding packs, pots, containers and baskets through all seasons, we offer a 'one-stop-shop' solution for seasonal flowering plants in the modern planteria.
